

COP15 preparatory meeting

The crucial COP15 negotiations in Copenhagen are approaching rapidly, and the Wind Power Works involvement is starting to take shape. We would like to share with you recent developments in the climate negotiations, our ideas for maximising the impact of the wind industry during the Copenhagen meeting and ways in which you as a company can get involved.

We would therefore like to invite you to join us for a COP15 preparatory meeting for members of the Danish Wind Industry Association and Wind Power Works partners on Tuesday, 8 September, in Copenhagen.

Agenda

13.00 Policy update: The last miles on the road to Copenhagen

- Christian Peter Ipsen, Deputy Head of Global Climate Change Division, Climate and Energy Ministry, Denmark
- Other speakers to be confirmed

14.00 Wind Power Works during COP15 - Maximising the wind industry's presence and impact

- Sarah Bryce, GWEC
- Anders Mika Dalegaard, DWIA

15.30 Coffee break

16.00 Other technology exhibitions during COP15

- Finn Mortensen, Climate Consortium Denmark - presents the generic technology display at Bella Center
- Jens Holst-Nielsen, Bright Green - presents the Technology Exhibition in Forum
